

MEMORIAL FROM DIOCESE OF HURON RE.EUCHARISTIC HOSPITALITY

Whereas the church is being challenged to find ways in which to invite and welcome people into its fellowship; new expressions of community are being developed, a new generation of people is presenting itself to the church seeking access to community

And

Because there is a varied response to this with regard to Eucharistic Hospitality;
there is a need for the church to clearly articulate its understanding of and what flexibility can be permitted with regard to Eucharistic hospitality.

BE IT RESOLVED that this Synod memorialize the General Synod of the Church of Canada requesting a review of the current policy on Eucharistic hospitality.
